

How To Measure Your Pet for a DOG COAT: With a soft tape measure or piece of string.

1. Measure the length of the back from the collar to the base of the tail.
2. Measure the widest part of the dog's chest.
3. Measure around the dog's neck - where the collar is usually worn.

How to Order the Correct Size of Coat for your Dog:

1. Select the size that most closely matches the Back Length (Collar to base of Tail) measurement of your dog.
2. Check the Neck and Chest/Girth measurement to see if you need to order an Extension(s). Add them to your order if needed.
3. Dog Coat Sizing – Standard Dog Coat Back Lengths are sewn 2 – 3”(5 – 7.5 cm) shorter than the measured Dog Back Length; Large Breed sizes subtract 4 – 5 “(10-15cm) to maximize your dog's comfort and allow for free, easy movement - and tail wagging without restriction.
4. All coats have a range of size in the Neck and Chest/Girth measurements of about 2” (5cm) to allow you to adjust the coat for your dog's comfort. Neck opening may need to be tightened after grooming and loosened when their fur grows out again.

Extensions:

- Extensions allow you to fit your dog's specific shape comfortably and have Hook or Loop sewn on each end for easy fastening.
- Once you have adjusted the neck width to comfortably fit your dog, you will be able to slip the neck opening of the coat over your dog's head (instead of taking it apart for every use) and simply secure the Chest/Girth strap around the belly. Quick and easy!
- Neck opening is designed to fit behind the collar, towards the shoulder blades.
- Extensions for Miniature sizes are 2” x ½” wide (2.5 x 1 cm wide).
- Extensions for Regular, Large Breed and Wide Chested sizes are 3” x 2”wide (7.5 x 5 cm wide) OR 6” x 2” wide (15 x 5 cm wide)

Custom Sizes: We can sew a longer adjustable strap on any size coat if you prefer that to an Extension strap. Allow extra time.

Heavy Chested & Wide Size Dogs: Order size based on Back Length of dog. Add Extension(s) for Neck/and or Chest/Girth to total your dog's measurements.

Dog Coat Return Policy:

Please measure your pet carefully. Your dog's health and safety is important to us. **Parvovirus** is an extremely contagious, highly resistant disease that can be fatal to dogs and be transmitted by any person or animal. This virus can live in the environment for months and survive extreme temperatures on inanimate objects such as food bowls, shoes, clothes, carpet and floors for up to one year. Parasites can also be transferred from pet to pet. **Therefore, we DO NOT accept returns for refund or exchange on any pet products.** Buyer assumes responsibility for ordering correct sizes, colours, and styles. No refunds or exchanges if the buyer orders the incorrect item.

Dog Coat Size	Actual	Coat	Girth	Neck	Suggested Breed Sizes - Individual Dog sizes Vary
Inches	Collar-Tail	Back	Inches	Inches	Measure to be sure!!!
